### Registration of the Trademark

The Trademark has been published in the WIPO-Gazette database, which is edited by Bureau of the World Intellectual Property Organization. This publishing of the above information to the WIPO-Gazette forms the basis of our offer. Please note, registration is not affiliated with the publication of the official trademark application registration and is not a registration by a government entity. The quoted price is to add the trademark to the WIPO-Gazette database, which shall be completed within 15 business days from receipt of funds. Expediting will ensure that the trademark information (as shown above) will be added to the WIP-Gazette database within 7 business days of receipt of funds. The purchase of our registration service is solely to add the trademark to the WIPO-Gazette database. A refund of the registration costs can be claimed within 14 days.
